Welcome Letter

Hello, my purpose for reaching out to you is to welcome new clients and to introduce myself. I am a Professional Psychotherapist, named Noelle Johnson, LCPC, from Produce Opportunities Which Embrace Rehabilitation, (POWER) LLC, which is my very own private practice.

I am excited to be collaborating with you, as a new client and would love for you to learn more about my clinical background. Please feel free to go on the Psychology Today website, in the find a therapist box type in the zip code, 21206, and then, click on the title: Produce Opportunities Which Embrace Rehabilitation or the image.

As an alternative option, you can also type or copy and paste the following Headway URL address in a new tab of your web browser:

https://headway.co/providers/noelle-johnson?utm_source=pem&utm_medium=direct_link&utm_campaign=49459

These two platforms will give you better insight on my professional clinical experience. It will also keep you informed about the employee-based and commercial health insurance, which I accept. In addition, although it is not listed, I do accept Medicaid (MD State), MCO insurance and private pay rate.

The Next Step to getting started with therapy services is to provide me with an active email address, so you can begin to print, read, complete, and submit the following documents:

- POWER Consent to Release Information Form
- POWER Tele-Health Service Form
- POWER Crisis Procedures Form
- POWER Discharge Process Form
- POWER Treatment Agreement
- POWER New Client Intake Form
- POWER Request Authorization Form

When completing all forms, please write legible and neat in black or blue ink. So, there is no delay with your documentation, I would recommend that you be very detailed when completing all forms. Lastly, you will need to scan all documents to email address:

powerprivatepracticellc@gmail.com

I will review all completed documentation, then contact the client to begin scheduling for individual therapy.

Best Regards,

Noelle Johnson, LCPC
